

## MERGERS AND ACQUISITIONS

Geographic diversification and industry specific expertise make the Bank a reference player in the provision of investment banking services

The M&A teams offer advisory services geared to promote, structure and negotiate mergers, acquisitions, joint ventures, carve-outs and disposals, as well as economic and financial valuations, for private or public companies and for privatisations.

The Bank's M&A Division has a broad team across the several geographies, organised by sector-focused teams. The Bank's experience and know-how in the M&A area has led to being consistently recognised by the market with numerous awards.
